1. Introduction

1.1 The Privacy Act

The *Privacy Act* (the Act) and its Regulations govern the collection, use, disclosure, correction, protection, retention, and disposal of personal information, including informing the public about the government institution's collection and use of personal information. The Act also provides individuals with a basic right of access to all of their personal information held by government institutions, subject only to the limited and specific exclusions and exemptions outlined in the Act.

The Act requires the head of every federal government institution to submit an Annual Report to Parliament on the administration of the Act following the close of each fiscal year. This report describes how the Federal Public Service Health Care Plan Administration Authority (the Administration Authority) fulfilled its privacy responsibilities during the reporting period of April 1, 2022, to March 31, 2023. The report has been prepared and will be tabled in Parliament in accordance with section 72 of the Act.

1.2 The Federal Public Service Health Care Plan Administration Authority

The Federal Public Service Health Care Plan Administration Authority (the Administration Authority) is a corporation without share capital established under authority of the subsection 7.2(1) of the *Financial Administration Act* by letters patent issued by the President of the Treasury Board effective on May 1, 2007. Nine Directors and one Chairperson form its Board of Directors.

The Administration Authority is accountable to the Treasury Board of Canada and the Public Service Health Care Plan Partners Committee. The Partners Committee is composed of representatives of the employer, the portion of the National Joint Council of the Public Service which represents the employees, and an individual appointed by the National Joint Council who represents the pensioners.

The Administration Authority is charged with oversight of the Public Service Health Care Plan (the PSHCP). Its mandate is to ensure that benefits and services to members and their covered dependants, as defined in the PSHCP documentation, are delivered in a manner that ensures the effective and efficient administration of the PSHCP.

The PSHCP covers members who are federal public service employees, members of the Canadian Forces and the Royal Canadian Mounted Police (who can cover their dependants only), members of Parliament, federal judges, employees of a number of designated agencies and corporations, and persons receiving pension benefits based on service in one of these capacities, and members of the Veterans Affairs Canada client group, as well as eligible dependants of Plan members.

The hours are compiled and tracked in a document used for year-end reporting purposes. Once a new request file is opened, the individual responsible for the file assesses the type of documentation being requested and the applicable records and provides an opinion to management as to whether time beyond the established 20-day response period may be required (e.g. for consultations with third parties or other government institutions). This assessment is conducted on a case-by-case basis.
